PROFESSIONAL SUMMARY

Front-End Developer with 5+ years of experience building responsive, scalable, and high-performing web applications using React.js, Next.js, and modern UI frameworks. Passionate about clean architecture, performance optimization, and seamless user experiences. Recently expanded into backend development with Golang, PostgreSQL, and OAuth-based authentication, enabling delivery of secure, end-to-end product solutions.

CORE SKILLS

Frontend: React.js, Next.js, TypeScript, Redux Toolkit, JavaScript (ES6+), Tailwind CSS, HTML5/CSS3, Flutter (Dart)

Backend: Golang (Gin), PostgreSQL, MinIO, OAuth 2.0, Firebase (Auth, Firestore, Functions), PHP

Tools & Platforms: Git, GitHub, Vercel, Netlify, Figma, Postman, VS Code, WordPress

Other: RESTful APIs, SEO Optimization, Responsive Design, Cross-Browser Compatibility

WORK EXPERIENCE

Freelance Front-End Developer

2019 – Present

Remote

- Designed and deployed responsive websites, dashboards, and e-commerce platforms for diverse clients.
- Developed scalable SPAs using React.js, Next.js, and Redux Toolkit with optimized component architecture.
- Implemented backend APIs and authentication workflows using **Golang, PostgreSQL, and OAuth 2.0**.
- Migrated Firebase-based systems to a **Go + PostgreSQL + MinIO stack** for improved scalability and data control.
- Provided end-to-end project delivery, from UI/UX implementation to deployment and optimization.

Intern Front-End Developer – Taavetti Digital

Dec 2021 – Sept 2024

Remote

- Built and maintained WordPress and custom-coded websites using HTML, CSS, JavaScript, J-Query, and PHP.
- Collaborated with designers and backend developers to deliver high-quality client websites.
- Enhanced e-commerce builds with payment gateway integration and mobile-first responsiveness.
- Conducted performance optimization and usability testing for improved load times and UX.

Website & Product Designer – Rugged Brand

Sept 2021 – July 2022

Hybrid, Lagos

- Designed and managed the brand's e-commerce platform to enhance online visibility.
- Contributed to product design for apparel collections, focusing on digital presentation. □ Ensured mobile-first responsiveness and consistent branding across web assets.

SELECTED PROJECTS

Frame.Lane – Custom Frame Ordering Web App (June 2025)

Next.js, TypeScript, Golang (Gin), PostgreSQL, MinIO, OAuth 2.0, Tailwind CSS

Developed a full-stack web app enabling users to upload images, preview frames, and place custom orders.

Initially built with Firebase, later **migrated to a Go-based backend** featuring PostgreSQL for data persistence, MinIO for file storage, and OAuth 2.0 for secure authentication and authorization.

ASA Billing Admin Dashboard (Dec 2024)

React.js, TypeScript, Redux Toolkit, Tailwind CSS

Built a responsive admin dashboard for billing and workflow management with optimized data fetching and reusable UI components.

BrowsePay Admin Dashboard (Aug 2024)

React.js, Redux Toolkit, Tailwind CSS, REST APIs

Developed a scalable admin interface featuring advanced state management and secure API communication.

EDUCATION

Higher National Diploma (HND) – Surveying and Geo-Informatics

Yaba College of Technology, Lagos | March 2024

CERTIFICATIONS

- Meta – Introduction to Front-End Development (**June 2023**)
- Meta – Programming with JavaScript (**June 2023**)
- Meta – React (**July 2023**)
